### Nature Of Opinion

Docket Number: SW-04316A-16-0085

Docket Position: Against

My wife and I are in our 70's and on a fixed income. We moved here from out of state in 2008. When we saw the property we realized this was where we wanted to build our retirement home. We understand that the sewer system can't go broke because then we would not have the necessary service but we would rather see a more gradual increase in the rates. We understand the development never made it to the developer's dreams and understand that the sewer system is probably much larger than the existing development requires. It seems unfortunate that so many vacant lots exist and we scratch our heads wondering why. A rate increase is probably appropriate but the proposed increase is extreme and would present a hardship on all residents. Thank you for your time considering this matter. Jeff and Karen Brown
